His previous year's board scores were 180 on the UEE and 166 on the Essentials of Medicine. He was also an active member of the local medical community and served as a reviewer for the Erie County Medical Society. He came to USMLE Step 2 with a 5.5/6 on the Step 1 and a 4.25/5 on the Step 2. He shares some tips for being successful in preparing for Step 2. The preparation process can be a bit overwhelming at times. It's important to take it one step at a time and try to make the process as easy on yourself as possible. For the most part, by the time you take your Step 2 the Step 1 is very easy. Your studying for that test should focus on basic areas of knowledge so when it comes to covering the remaining knowledge, you will have a structure you're very comfortable with. Don't forget, your entire career is one big test. You spend the next four years studying and testing. The first year you start all over again. Your goal on the test should be to do your best. Set a schedule for studying. It can be easy to let important things fall by the wayside while studying. Make sure you stay consistent with studying even if you are distracted. Doing so will improve how much knowledge you retain by the time you take your Step 2. You should treat studying for Step 2 as any medical study you've ever taken. You should prepare by keeping a daily study schedule. Be prepared to study and test more than any one person should. Schedule time to study every day. Stay focused. If you have time to c6a93da74d
